on a beach! But on her 30th birthday she wanted to change this. It would make her a very happy woman if you printed some of her photos in your mag. Kim's measurements are 38-30-37, and I think that she is really sexy. I hope you and the readers agree!

On the day the pics were taken, Kim got me to invite two of my mates around for a drink. **She soon started stripping off and posing for us, during which she let me fuck her, and after she let one of my mates shave her!**

It wasn't long before all four of us were naked and taking turns in fucking her. At one point I was fucking her from the rear while my mates were simultaneously shooting in her mouth. Kim

accepted and got in the car, asking if she could call in at our house as she had planned to visit us that evening. Lesley is a tall blonde lady, aged about 25. She has a fantastic figure with legs that seem to go on for miles.

We arrived at our house and went inside. Sue didn't appear to be home so I asked Lesley if she wanted to wait as I thought Sue was visiting a neighbour or at the corner shop. I have always fancied Lesley and I know Sue has often said how attractive she finds

discovered Sue spread across the bed with her dildo rammed inside her sopping cunt and her other hand caressing her beautiful tits, her eyes were shut and she was softly moaning with pleasure. Lesley bent forwards to get a better view of this sexy performance. **I slipped a couple of fingers up her juicy cunt, pushing aside her g-string panties in the process.** Lesley squirmed with ecstasy and whispered for me to fuck her, so I rammed my already rampant cock up her oozing slot, fondling her tits as I shafted her from behind. I managed to control my aching spunk-filled balls but Lesley let out a low moan and she soon shuddered to a climax, falling

## ADVENTUROUS KIM

ended up very sore, but thought it was worth it. She reckons she took it up her fanny no less than 11 times during that afternoon. *P., Surrey*

## SUE'S FRIEND

Here are a few pictures of my wife Sue, aged 26, who as you can see is a very sexy lady. I want to tell you about a great experience of ours which happened this summer.

On my way home from work I saw Lesley, a very good friend of my wife, waiting at the bus stop. I offered her a lift home, she

her. As we sat down my eyes were fixed on Lesley's long legs which were exposed to the upper thigh, covered only by a short lycra mini skirt. She crossed and uncrossed her legs, revealing a flash of wispy blonde pubes peeping out from very brief panties. My cock bulged and strained at my trousers, and Lesley noticed my stifled erection and asked if it was for her. I was surprised at her reaction and said it was. **She came over and unleashed my cock, taking it in her gorgeous mouth and began sucking and licking it.** I slid my hand down her blouse, cupping her firm tits and pinching the already erect nipples. Just then Lesley stopped sucking and said that she could hear a noise coming from upstairs. We crept up and

forwards through the bedroom door. Sue looked up startled at first at the heap of naked flesh on the floor, but to my delight she told us both to go and finish her

Lesley squealed and gripped her own tits as she flooded Sue's face with pussy juices. At that time Sue's cunt muscles gripped my cock as she thrust against me. I gripped her arse tight as I shot a stream of hot spunk deep inside her hole. Sue climaxed at the same time and we all collapsed in a heap.

I was well and truly knackered, the girls however had other ideas as they started to suck my dripping cock dry, taking it in turns to suck the mixture of pussy juice and spunk from my knob. Then they set to work on each other's

pussies as I licked their cunts and tits. **The girls kissed me and told me to watch as they were about to give me the best all-female sex display ever.**

I sat in the corner and

off. Lesley dived onto the bed kissing and fondling Sue, who responded with equal passion.

The sight of two gorgeous sexy women fondling each other was too much, I stripped off my remaining clothes and joined them on the bed. Sue tugged Lesley's clothes off and started to lick her clit. I positioned myself behind Sue and fucked her from behind. **Her cunt was already soaking wet as I pumped hard and fast, my balls slapping against her beautiful arse.** Lesley was close to coming for the second time as she forced her crotch into Sue's face. Sue lapped harder until

watched them work on each other. I played with my cock as I watched them do it together.

Later I suggested that we shower and go for a pub meal, to which the girls agreed. At the local pub as we sat and ate our meals, **Sue and Lesley giggled together and rubbed my crotch, flashing their tits and knickerless fannies at every opportunity.**

Then Sue confessed to me that she and Lesley had planned the whole thing as a treat for me and that this was not the first time that they had fucked each other, nor would it be the last - I can't wait! A., W. Midlands

the shopping, this guy stopped me and said what great legs I had and would I mind modelling for him. He said he realised I he was being cheeky, but if you don't ask you don't get! I

was flattered and agreed, and arranging to meet him the next day.

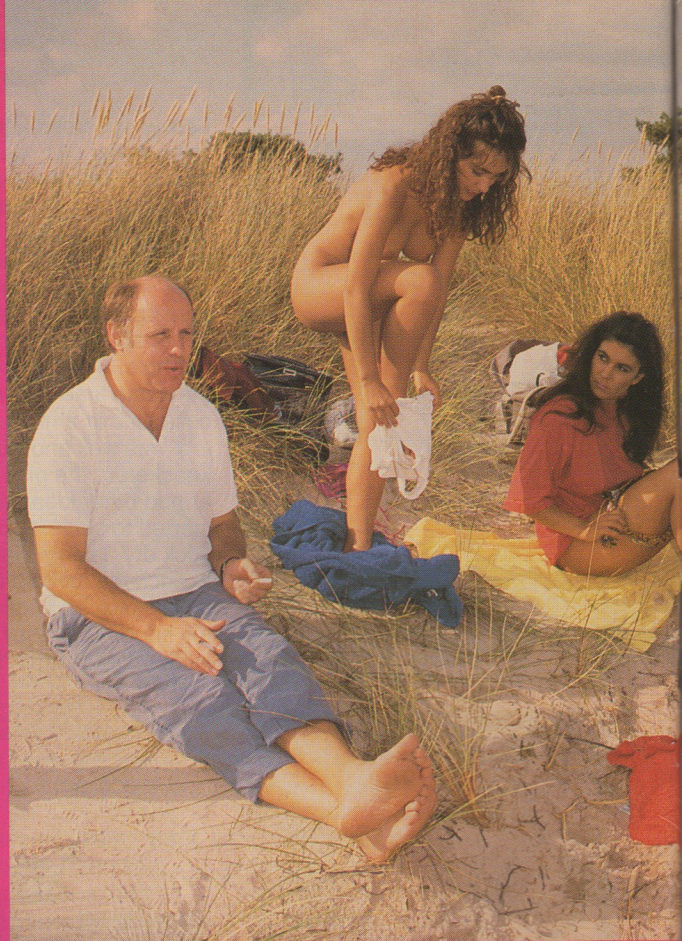

I turned up in a grey shirt, mini skirt and sexy undies. Gary, the photographer made me feel really at ease and we soon got started. I felt quite glamorous posing for him under the warmth of the lights, turning this way and that. After a few minutes he asked me to raise the hem of my skirt, and not long after that to

# MEANWHILE!

**Loony Dunes Dept:** "...I was sat there minding my own business havin a cig wiv me strides rolled up when this woman started stripping off her knickers right by my ear. Bein British, I ignored her..."

**It's The Real Thing Dept:** Most of the four hundred thousand persons who buy *Escort* are utterly sweet but sadly there are one or two miserable cynics who think staff (=Me) write all your letters, and that all photosets are of experienced professional models. B.D. of Caterham for instance, get this: heres Mandy's snaps she sent to *Show Us Yours*, and heres us who go Yes!, and here's a professional photographer hard at work in Mandy's own home.

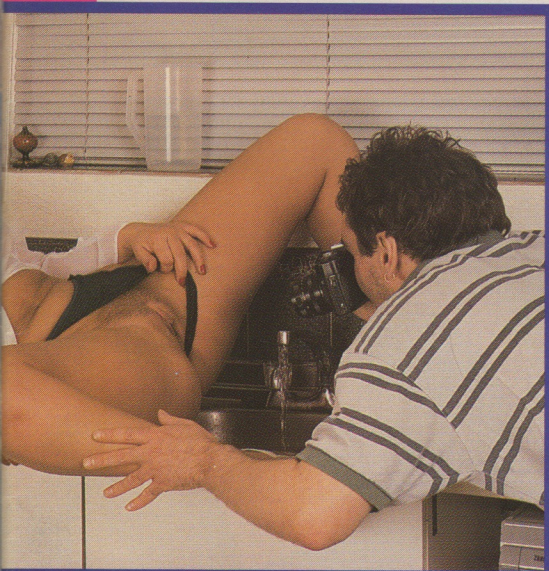

Well anyone can see Mandy is a experienced woman, and getting paid for it on this occasion but obviously she is A Real Person and *The Real Thing*. xxxjj

**Tap Tip Dept:** As each glass of London tapwater you drink have been drunk by people nine times already its not surprising that London water comes out of the 'Cold' tap tepid, but in the W. Midlands where Mandy has her arse in the sink the water have flowed straight off Mount Snowdon and is therefore quite cold...

**A Good Read Dept:** It must be a sauce of great pride to Mr Higgins that one of his literary works can hold a chap's attention even under such testing conditions...

**Beach Bums Dept:** Yes...heaps of talent in Weymouth...lots of beautifly developed musculature...strong and fit for anything...yummy!!...and those blokes aint bad either. xxxj

**Wide Open Spaces Dept:** When the British night is drawing in, we can send out for a pepperoni with extra cheese and invite them next door to come round and share with us their latest video sex epic but Constance our model is from Canada where you can travel for hundreds and hundreds of miles without seeing so much as a buffalo let alone a electric socket and on long autumn nights it is important to be able to provide your own entertainment. Leapfrog is what they do there, tumbling among the fallen maple leaves by the light of the campfire while the beans are a-bakin'...yipee!

HELEN

I am enclosing some pictures of my sexy wife Helen who is 34 and has a 38-28-

38 figure. The thought of her appearing in your magazine and strangers seeing her naked body and wanking over her, makes us both really horny.

**Helen's favourite fantasy is to make love to me and another woman, while videoing it for viewing later.** I hope it comes true! D., West Yorkshire.

## FACING UP

My boyfriend, Keith and I are avid readers of this excellent magazine, however each month I wonder why so many of your female readers are shy about revealing their identity along with their charms. Which in a roundabout way is how I came to be writing to you.

This story happened a couple of weeks ago. Keith and I (I'm Tina, which is short for Martina), had gone for a lunchtime drink on the Sunday and bumped into Russell, a friend of Keith's. We had a couple of drinks and somehow got onto the subject of men's magazines. Russell challenged me, saying that if I were appearing in *Escort* I'd hide my face. When I denied this, Russell told me to prove it, adding that he'd be happy to take the photographs. Keith thought this was a terrific idea and suggested a photo session that afternoon.

I could see that I'd been backed into a corner as we finished our drinks and set off. As it was a nice day Russell suggested I pose outdoors so we collected

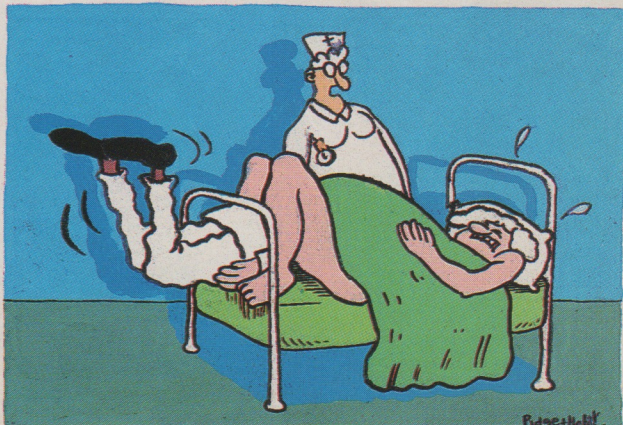

his camera and set off.

After parking the car we set off through the trees for about 15 minutes until we had found a secluded spot. I was really nervous to begin with so Russell took a few shots of me fully clothed before asking me to remove my jacket. I was soon getting into the mood and I made no objection when Keith suggested I

take off my clothes.

**I couldn't help noticing the bulge in Russell's jeans as I exposed my tits.** By now I was game for anything and I didn't hesitate when Russell asked

"NO NO MRS JONES, YOUR SUPPOSED TO PUSH!"

**Escort reader Sheila from Norfolk has recently discovered an exhibitionist streak – and indulged it to the full...**

**I** wonder how many women get *Escort* for themselves?' says 30-year-old Sheila. 'I started buying it because I felt something was missing from my sex life, and it was a real eye-opener for me.'

'I was worried that some of the pictures in *Escort* turned me on until I realised that the amateurs were doing some of the things I wouldn't mind trying. I'm afraid I took the easy way out and started leading a double life.'

'As far as my boyfriend Dave was concerned I was still the sweet innocent who was happy with her weekly portion in the missionary position, but I was secretly building up a collection of things that helped me act out my fantasies when he wasn't around, and one day I thought I'd try wearing stockings, suspenders, and one of my more outrageous sets of underwear to the office.'

'On the train, I quickly discovered that rubber underwear fastened with

'I undid another button at the top and lowered my arms so that they were underneath my breasts and pushing them up, and I carefully checked his reaction out of the corner of my eye. His attention seemed to be equally divided between me and

frustration and stood up. I got in such a state before it sank in that I couldn't hold my skirt up and hold myself open and rub myself at the same time that I came very close to screaming.

'My jumper and skirt came off me and went on the hook. I leaned forward and rested my left hand on the door again, then I moved my feet further apart and grabbed my pussy with my right one. The funny thing was I had no need to fantasise – maybe the image of myself with my breasts jiggling over my bra and my

an approaching train, which settled the matter by making it a matter of pride – if I couldn't make a young man with 'virgin' written all over him miss his train, I might as well take up knitting. My purse was on the table, and I leaned sideways to put it in my bag, dragging the skirt of my mac higher with my elbow as I went and crossing my legs when I straightened up.

'He probably didn't see much more than the top of a stocking and an inch of thigh, but it was enough to make him decide to catch the next

metal rings and studs is only suitable for special occasions, and I was squirming around on my seat so much that I eventually had to stand up. I'd started out by simply feeling fruity because of what I had on under my respectable clothes, but the fruitier I got, the hotter and stickier I got. By the middle of the morning my breasts seemed to have swollen a couple of sizes and my pussy felt as if it was heading for melt-down.

'I was damp and flushed all over, and constantly crossing and re-crossing my legs while I took some dicta-

tion from my boss, and she said I looked as if I might be sickening for something. Oh dear, she says. A case of flu! Next thing I know, I'm being sent home for the afternoon so that nobody else catches whatever I've got! I got my things together, but by this time I was so randy that I decided I'd have to bring myself off or I'd never make it to the station.

well have a coffee and a sandwich in the buffet while I waited for the next one, enjoying the sensation of being blatantly nude under my mac.

There were only three other people in the place. A couple of them went off to catch their train, leaving me alone with a young guy who was trying hard to pretend he wasn't staring at my tits over the top of his rock magazine, and I glanced down at myself to find that he had good reason – the top button of my mac was undone and a lot of heaving naked cleavage was clearly visible!

train, and it gave me a lovely warm feeling inside to know he was buying another cup of coffee just so he could sit there and look at me. I gave him a little smile that he nervously returned, then I casually arranged a sauce bottle and a salt and pepper pot so that anybody with a bit of imagination would get the general idea, and started gently tapping the bottle with my fingertips. It never occurred to me that he might take it as a suggestion, and I almost panicked when I realised the magazine he'd put on his lap was moving because he had his hand underneath it and he was rubbing his cock through his trousers.

'I glanced over my shoulder to make sure nobody was watching us, and I began to think about what else I was going to do for him. There was a wall to my right, and when I experimented by turning slightly in that direction and leaning against the table, I found that my mac would hide what I was doing from anybody else who happened to walk in. Tingling with excitement, I carefully eased the other side open until the curve of my right breast was showing, and looked for a signal that he'd like to see more. breasts to a complete stranger in a café, and I wouldn't like to bet money on which of us was getting the biggest kick out of it.

'There was no stopping me now, and I cupped my tits in my palms and hefted them out of my bra and gave my nipple a pull between my finger and thumb. The movement of the magazine in his lap was becom-

started moving as he stared at me and wanked himself.

'I had my legs well spread, and holding the left side of my coat in place, I pulled the other side up until it was past the top of my stocking, then I moved my right knee outwards until the wall stopped it going any further. He could now definitely see at least one suspender and the swell of

ing more and more noticeable, and when he swapped it for the anorak that had been beside him on the seat, I had my best idea yet. I checked over my shoulder again and gave him a very quick flash of both my breasts, then I covered them up and delved in my bag for a ballpoint. I wrote YOU SHOW ME YOURS AND I'LL SHOW YOU MINE in big letters

my bare thighs, and his eyes nearly came out on stalks as I eased it a little higher still. He couldn't have been expecting more than a glimpse of my knickers – that's what he'd mentally prepared himself for, and that's what he thought he could see in the shadows – the dark vee of my panties. But he was wrong, because I wasn't wearing any. What he could see was

right up to my hips and threw my legs wide, and he finally discovered the truth. I've looked at myself in a mirror when I'm aroused, so I knew my pussy lips were all swollen and pouting out of my bush, and it must have been quite a surprise for him in more ways than one.

'For a moment he went rigid, then he groaned out loud and hunched over the table, and I quickly whipped my skirt down and sat there watching him as he shot his load into his anorak. He didn't even look at me as he finished coming and forced his cock back into his pants, and he'd no sooner completed the operation than he was rolling up his messy anorak and making for the door without a backward glance. I felt great – and

on a paper napkin, and when I'd held it up for him to read, I uncrossed my legs and moved my knees apart to underline the message. His eyes widened in disbelief, then he gulped and put both hands under his anorak, which almost fell on the floor as he struggled with his zip. I gave him a nod and a smile of encouragement, and he used the anorak for cover in the same way I'd used my mac, raising the side of it nearest to the wall and giving me a fleeting glimpse of a very stiff cock.

'I nodded and blew him a sexy kiss. Still shielding it on one side with the anorak, he showed me it again, and this time I was able to get a good look at it. It gave my confidence a real boost to know I could turn someone on like that, and I loved the feeling of being in charge of it all. His hand went under the anorak, and it

my pubic hair, and he was looking at my pussy without knowing it.

'The anorak was jumping up and

**"I knew my pussy lips were swollen and pouting out of my bush, so it must have been quite a surprise for him to see..."**

down quite fast now. I fully intended to obey orders and go home to bed, so it wasn't only the fact that it would have been totally crazy for me to join him that stopped me doing it – I had the whole afternoon to play with myself, and one of us had to keep an eye out for killjoys. All the same, I couldn't resist stroking the softness of my inner thigh with my fingertips, and they were getting dangerously close to my crotch when I noticed the expression on his face and the jerkiness of his movements. I made absolutely sure there was nobody around, then I hauled both sides of my coat

horny enough to do something about it on the train if there hadn't been too many people on it.

'I was on a very short fuse by the time I got home, but I sat on my bed facing the full-length mirror. I wanted to see myself as that young man saw me, and I was re-creating the scene.

'While I stroked my inner thigh, I peered hard at the mirror and discovered I'd been right about my pubic hair looking like a dark pair of panties in the shadows, and it wasn't until I had my skirt right up and my legs wide apart that I could clearly see my pink lips showing through my curls.

Wishing I could have done it for my friend in the café, I pulled them apart and stared at my gleaming inner folds for a few moments, and then it all got too much for me and I was struggling out of my clothes.

One of the little secrets I kept from Dave was that I was the proud owner of a vibrator, and I groped anxiously under my pillow for it and switched it on as I spread myself out. Carefully avoiding my clitoris, I made a few practice passes up and down my slot with its tip, then I turned the speed down to a gentle hum and slid it up my grateful pussy. A pillow under my bottom, and I was able to put my knees together and raise them until the back of my calves were pressing against it and holding the vibrator in place so that I could let go of it.

'I know some women only use vibrators on their clits, but it's over too soon if I do that. I prefer to just lie

there with my arms thrown out, gently humping at a pillow and wallowing in the sensations deep inside me until I'm ready to give myself the finishing touch with a fingertip. I often wondered how long I'd teeter on the brink if someone held my wrists and stopped me doing it, and I'd even toyed with the idea of tying myself up somehow so that I could find out, but I'd never got around to it – which was no bad thing, because Dave got a big enough surprise as it was.

'He'd phoned me at work and found out I'd been sent home with flu, and being the kind of guy he is, he'd rushed round in his lunch hour to see if I needed anything. I was gripping the headboard with both hands and writhing in ecstasy when I opened my eyes and found him standing a few feet away looking as if a block of flats had fallen on him.

'He didn't say a word, and for a

moment I thought he'd wandered off in a state of shock and I'd never see him again. But he was still there, and I jolted when I felt him stroking my suspender up to my stocking as if he didn't believe I was really wearing it, and I groaned in dismay when he grabbed my knees and parted them to find out what was buried in my pussy and quietly humming away to itself. I was about to scream something very rude at him when I heard rustling sounds and realised he was taking his clothes off. The next time I peeped, he was stark naked and standing alongside the bed with his hand wrapped around his rigid cock and going rapidly up and down, and I squealed in delight and made a grab for it. No you don't, he growled. I'm going to come all over your tits!

'Bloody hell, I thought, settling back and shoving them out at him, have you been reading my magazines? A few minutes later the hot splash of spunk on my breasts pushed me right over the edge, and we had a mutual climax without even touching each other.

'Dave didn't go back to work that afternoon, and we spent most of the next day trying out my sex-toys and getting to know each other better. The only thing I've never told him was what I did that morning in the café, so this is going to be a nice surprise for him – and when he accuses me of making up one of my stories to turn him on, I'll show him the paper napkin I kept as a souvenir!' ●

# truckme!

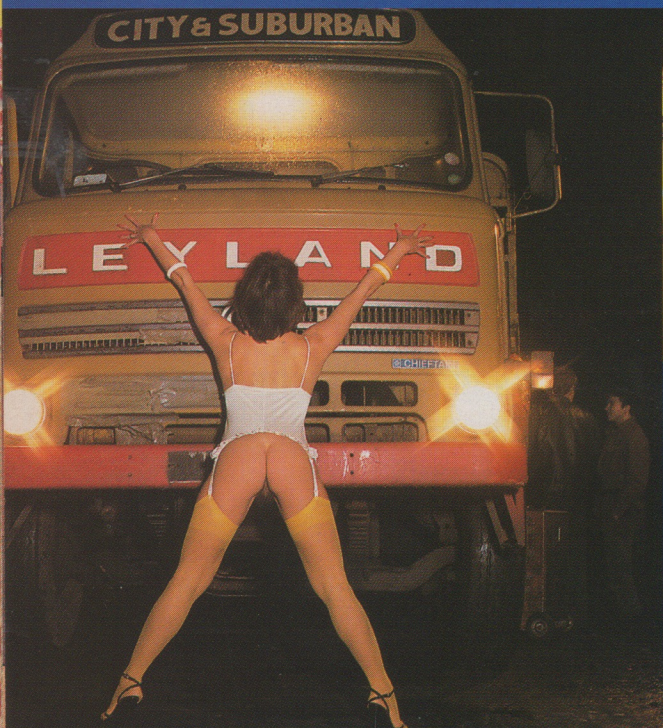

“Earlier in the summer, me and my boyfriend Geoff were driving to my friend Felice’s wedding. Geoff and me had been going through a bad patch and we were arguing a bit in the car. We stopped for tea at the motorway services and Geoff told me he had slept with Felice a couple of weeks before. He was nasty about it, making out she was better than me, so we really fell out and I told him to piss off and he did, and I was left there all dressed up with hardly any money, so I decided to hitch to the wedding anyway.

We all got out and they opened the tail-gate and started pulling one of the mattresses out as I was stripping off my dress.

Jack looked so good to me that while they was still putting the mattress down I came up behind him and put my arms around to undo the buttons on his jeans.

I put my hand into his boxer shorts and I could feel his cock standing up to his stomach stiff and hard. They left the mattress sticking out the back of the lorry, and Jack turned round to me.

Kenny came up behind me and

anyone could have seen us or heard me yelling as I came really hard with Jack.

I laid over on my back with my head on Jack’s hip, and Kenny opened my legs wide and thrust hard up me. Jack’s cock was by my face, still half hard, so I started licking it and rubbing my face against it and he got hard again. I was sucking him and Kenny was fucking

me, and I came again and both the lads started calling out together. Jack came in my mouth and Ken came up my cunt both at once and I had another come that was so strong it nearly broke me in half.

I was a bit bedraggled after this, but we was all grinning at each other, and then I nipped in the Ladies to tidy up as best I could.

They drove me all the way to Hull, and we kept just laughing in the cab and when I climbed out,

I found two lads called Jack and Kenny who said they were taking a removals van up to Sunderland, and would give me a lift.

I was sitting on the outside in the cab, and we were chatting. I could feel Jack’s thigh pressing against mine and vibrating with the engine, and I really started to fancy him and I knew he was thinking about it too. It was one of those things where if I had moved a little away, nothing would have happened, but I pressed nearer, and let my hand fall on his thigh. He started stroking my leg and I knew he could feel me wriggling in the seat, so after a bit he said to me “Do you want to stop?” and I knew what he meant, so I said “Yes” - really enthusiastic. We were not too far from another service area, so he told Kenny to pull in to the lorry park, and Kenny said “Bloody hell!” but he did.

stroking my arse while I ground my cunt up and down on Jack who yelled out he was coming.

It was getting dark by now, but

the spunk was still running down the inside of my legs.

I hope they read this so I can say Hi! Sharon V., Watford.” ●

going on **Keith had been wanking furiously and had shot his load at the sight of his friend making me come.**

After we had recovered and tidied ourselves up we returned home where Russell and I retired to the bedroom for a longer and more leisurely fuck.

The photos also turned out pretty well! M., Surrey

*I suppose some readers are worried that people*

me to remove my panties and to put my jacket back on over my stockings and suspenders. I knew what sort of photos Russell wanted to take and so without waiting to be asked I sat back on a convenient log and spread my legs.

Russell was obviously in some discomfort by now but he continued snapping away as my poses left nothing to the imagination. Finally he could stand it no longer and putting down his camera he unzipped his jeans and released his cock. He glanced across at Keith who just grinned.

**I lay back with my legs apart as Russell moved between my thighs and eased his prick into my aching fanny.** Once inside me he began to fuck me with long slow strokes as his hands squeezed and fondled my tits. I was soon groaning with pleasure at the feel of his cock deep in my pussy.

He must have realised I was close to coming because he grasped my hips and started to really shaft his cock into me making me squeal with delight. I completely forgot about Keith as Russell's frenzied fucking brought me to and incredible climax, my body shuddering uncontrollably as his prick slammed into my eager pussy. I guess my orgasm triggered off Russell because almost immediately his body stiffened and then with a series of jerks he pumped his spunk into me.

Independent market research shows that the *Men Only* reader is not only more intelligent than the magazine's editor, he also has a much bigger wozname, and can keep his end up in an on-going two girl lickety-split with butt plug situation for several weeks at a time. This is why the most beautiful new models insist on showing their gorgeous tip-tilted thingummies, round bouncy whatsits and naughty pink girlie bits in *Men Only* first.

**'Being shameless with some gorgeous bloke,' is the fantasy of 33-year-old Amanda from Kent, who wrote what follows, 'so he doesn't realise the liberties I'm taking until it's too late...'**

**Y**ou look great Robbie! We'll be able to get you lots of catalogue work.'

The young black man breaks into a surprised grin. He's in his early twenties, his sleekly muscled body clad in just narrow, well-filled briefs.

'This is incredible!' he rocks back on the office carpet, 'a few girlfriends have said I ought to be a model...'

The woman in front of him smiles. She's about 35, dark-haired and glamorous, leaning her broad hips against the front of her desk, 'Catalogues are seasonal - you'll need other work. There's a steady demand for magazine work - especially in the American girlie market.'

The young man frowns. 'I'm the wrong sex, aren't I?'

'Well, no,' the woman says. 'The Americans often show boys and girls together - all strictly pretend, OK?'

glances at the young man. 'Oh, don't mind Sarah. She's used to auditions.'

Robbie takes a breath, then, he turns away and yanks off his pants.

'Lovely bum,' the blonde purrs.

'Turn round - let's see you properly,' says the older woman.

The young man obeys. The women look straight between his legs.

## my sexual fantasy

She eyes him closely as he grins, 'OK...just don't let my girlfriend know!'

'Lovely.' The woman straightens, 'let's have your pants off, then.'

'Sorry?' The young man double-takes.

'Your pants.' The woman glances

**"He stares at her pale rounded arse-cheeks and the thick gingerly hair curling up her anal crevice"**

down. 'I'll need to see you stripped.'

The door opens and a girl of about 22 trots in. She's petite and shapely, her face framed by thick, strawberry blonde curls. Her gaze flickers over the young man before she hands some papers to the older woman.

'Oh, thanks.' The older woman

'So it is true what they say!' The blonde hiccups with laughter.

'That's certainly a nice penis...now, if you just show me your hard-on -'

says the older woman briskly.

'But I thought this wasn't porn - ?'

'It's not - in the States it's perfectly legal to show an erection so I need to know that you can get nice and stiff in front of

strangers - and stay like that.'

The young man stares at her in disbelief. 'You want me to wank - ?'

The older woman smiles. 'I do ask all my boys, Robbie.'

'Shit -'

The young man takes a deep breath. His fingers curl about the soft flesh of his shaft. Glancing up

at the ceiling, he begins to tug gently at his foreskin, then stops abruptly. 'I can't! Not just cold -'

'Shall I give him a hand, Mandy?'

The young man gapes at the blonde. Bright-eyed, she's already plucking at the buttons of her blouse.

'Sarah's done a couple of shoots, so she's our resident expert,' the older woman explains.

Grinning up at the young man's open-mouthed stare, the blonde wriggles out of her short skirt. Beneath she wears skimpy pink pants, white suspender belt and stockings.

The blonde shrieks suddenly, staring down at the young man's crotch. His eyes drop. His cock is stirring, the

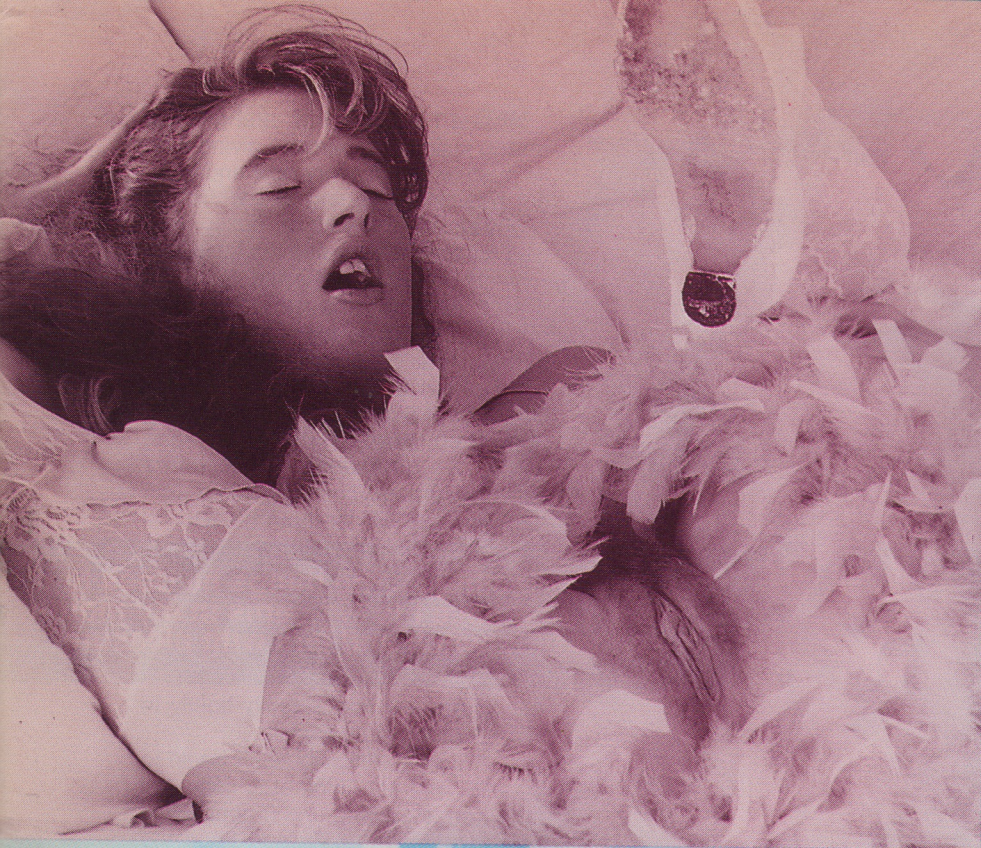

shaft curving an inch or two from the vertical, foreskin rolling back off his broad bulb.

'Keep touching yourself, Robbie,' the older woman smiles, 'Sarah won't mind you wanking over her.'

The young man blinks at her in shock, but is immediately distracted by the blonde turning her back, bending almost double and wriggling her pants down from only two or three feet away. He stares at her rounded

cheeks, and thick, gingerly hair curling up her anal crevice.

'Jesus - ' he whispers. Kicking off her pants, the blonde turns. 'Oh look, Mandy. Isn't he gorgeous?'

Mesmerised by the dense mat of hair between the naked girl's legs, the young man doesn't notice at first where both women are looking. His penis is massively erect, its engorged bulb rearing well past his navel.

'Wonderful!' A flush appears on Mandy's cheeks. 'Shall we see how Robbie copes with handling - ?'

Instantly the blonde drops to her knees and she shuffles up to him. He starts violently as she reaches between his legs.

'Come on, Robbie,' she chides, bright-eyed. 'Let me touch -'

Carefully she slides her hand behind his shaft. He grunts, his body stiffening, as her fingertip touches his stiffened flesh. Then he sucks in breath as the girl leans forward, gently drawing his bloated cock into the soft valley of her cleavage. Quickly scooping her breasts, she presses them together until only the young man's bulb and an inch or two of shaft protrudes from her soft flesh.

'Good boy,' she breathes, glancing up with a bright smile. The young man swallows. The blonde chuckles. 'He's really hard, Mandy!'

To the young man's surprise, the dark-haired woman gives a shudder. Her face is bright pink. 'What about licking?' she says thickly.

'Mmm!' Grinning, the blonde leans back. The young man breathes out as his cock springs up from her cleavage, only to gasp again as the girl immediately takes hold of his shaft and draws it down to her mouth. Opening it wide, she eases forward until her lips all but enclose his bulb, yet without actually touching it.

As her breath fans his engorged flesh, the young man sighs and closes his eyes. Then he swears as his shaft suddenly give a fierce jerk,

**"She wriggles, moving her crotch against the young man's cock, 'I can feel him throbbing right against my clit!'"**

smacking her upper lip. The blonde darts back with a gasp. 'You alright?'

'Yeah,' the young man breathes, sweat gleaming on his forehead.

Gripping his shaft, the blonde turns to Mandy: '...see that great twitch?'

his erection. She spreads her thighs. 'Get on top of me.'

The young man kneels between her shapely legs. 'No - like we were really doing it.' She tugs at his arm.

Sighing, he leans forward, his strong thighs pressing into the girl's. His mouth opens as his balls fill the warm junction between her cheeks, his shaft is squeezed between their crotches, its swollen stiffness rearing from their mingled pubic hair.

The blonde sighs under him, squinting down at his erection.

The older woman coughs. 'Isn't that a bit over the top?'

'Oh no - ' the blonde says. 'We did it on both my shoots. The photographer reckons it gets us both in the mood.' She wriggles, moving her crotch against the young man's cock, then chuckles suddenly. 'I can feel him throbbing right against my clit -'

The young man blinks down at her. 'Sorry about that.'

'I'm not complaining!' the blonde laughs. Instantly her grin fades, her eyes close. She moves again, jerking her hips up - almost involuntarily at first, then more rhythmically, rubbing her wet pussy against the young man's shaft. He glances up at the other woman.

'Is this part of the test?' he asks.

There's no reply. As the man stares, she begins to rock gently back and forth, eyes half-closing - thighs locked together.

A low grunting moan rises from the blonde. Red-faced, she suddenly

The older woman leans forward, adjusting her skirt, squeezing her thighs tighter together, the blonde grins slyly. 'Do you think we should try a bonk pose? That's the real test.'

'What's that?' the young man asks.

'Oh, it's easy.' The blonde sinks back onto the carpet, drawing him by

pumps her crotch fiercely against the man's over-strained shaft.

'Christ, love - ' he gasps, breathing hard. 'Keep that up and I'll be spunking all over you -'

Instantly she jerks forward, clutching at his cock. 'Put it in - ' she hisses. 'Put it in me -'

'At first I imagine this stranger just resting inside me, perhaps giving a little push or twitch every now and then, but basically keeping still while my hubby kisses and licks my pussy, wiggles his tongue between my labia and rubs my clit between his lips.

'But, as everyone gets gradually more and more worked up, the stranger can't help giving me a little hump, then a bigger hump – and a bigger one! Suddenly he's fucking me with deep, hard, rhythmic strokes, jerking me backwards and forwards so my husband's cock is pushed right into the back of my mouth – and he

Her scrabbling fingers push his shaft down her pussy mound. The young man rises to let her, as the older woman stares at him through glazed eyes, breath rasping through her gaping mouth. The young man's bulb butts the blonde's labia. She wriggles down, pushing him inside.

'Oh shit – !' Her eyes are suddenly round. 'Fuck – that's so big – !'

He grunts, rearing over her as his immense shaft stretches her tight pussy hole, filling her slick passage. Sweat drips from his brow onto one hard-nippled breast.

'I can't – !' he pants. 'Can't hold it – !'

She grinds herself against his embedded cock. 'Do it! Do it in me – !'

And she squeals as the man's shaft erupts, twitching with each pumping spurt, while on the desktop the dark-haired woman shudders and moans softly, fingers rubbing at her crotch...

**"As well as feeling all the things he does to my pussy, I also have his big penis in my mouth, feeling him twitch and jerk with pleasure"**

has to grip my thighs really tightly to keep his tongue on my clit.

'And as my climax builds I begin to go wild. All I can think of is cock, hot and hard, throbbing and urgent, filling me, bursting to let fly and flood me from end to end with spunk.

'That's when I start to cum – little spasms at first, then stronger and stronger.

'As I twitch, the stranger pushes really hard into me, right up to his balls so I can feel them squashing against my cheeks. And he groans and I feel his cock give this incredible jerk which almost lifts me off my knees. And then it begins to pump, pouring enormous amounts of spunk into me – then my hubby moans and his cock overflows into my mouth.

'And suddenly spunk is squirting into me at both ends – and all three of us are coming together!

'My best place for this fantasy is during a long, lazy bath. We have a shower attachment and I take the nozzle off and play the stream over my clitty. For a special treat, I let my husband watch!

'I haven't told him about my fantasy, in case he thinks I want to try it for real. Actually, I do, but he's got to suggest it first! Perhaps he'll read this and take the hint! ●

**Twenty-five-year-old Karen from Leicester has a more physical approach to the fantasies she masturbates over...**

'One of the very favourite things I do with my husband is "sixty-nine". When we make love he usually brings me off first by kissing and licking my clitoris and then rubbing me there with his finger.

'It becomes doubly exciting when we're lying end to end. That way I'm not just feeling all the fantastic things he does to my pussy, I also have his lovely, big penis in my mouth, feeling him twitch and jerk with pleasure.

'The biggest treat is when he shoots his gorgeous spunk into my mouth just as my climax starts. Then I'm writhing and twitching, moaning and swallowing all at the same time!

'In fact, that tends not to happen very often, because my hubby prefers to hold back and do his spunk inside me instead, which I like just as much! but my ideal would be to have my cake and eat it!

'The most incredible pleasure I can imagine is to be licked and fucked at the same time. I imagine getting on top of my hubby so my head's down

between his legs and I've got his prick in my mouth. Meanwhile his head is between my legs, so he can push his tongue straight up onto my clitty.

'But at the same time someone else is kneeling up behind me, pushing an even bigger penis into me doggy fashion, and I wiggle back onto him.

## MEL GETS HER WAY

My fiancée Melanie has wanted me to send these pictures in for six months, but I didn't want readers to see her. **I changed my mind when she said she would organise a threesome with her friend Jane** if her pictures were printed! *J.G., Middlesex*

We spent the evening, touching – he didn't care who was looking as he fondled my breasts, making my nipples erect with desire. Back in the car I released his throbbing prick from his jeans. He groaned with pleasure as I began to play with him as he drove. I licked the satin droplets that had gathered on the

The cold air made my nipples tighten. He couldn't resist suckling on them, knowing it drove me crazy. When I was too exhausted and satisfied to move, he lifted me and carried me naked back to the car. I fell asleep still undressed, and very content. *L., Cornwall* ●

## PARKING THE CAR

My boyfriend and I went to a live concert. I wore his favourite black dress that barely covered my bum. I had nothing on beneath, and I'd shaven my pubic hair off as a surprise.

I couldn't keep my eyes off his erection in the car, but I refused to touch him, keeping him wanting. **He put his hand under my dress and gasped when he felt my bald moist pussy as he slipped two fingers in me.**

end and I sucked and wanked him until he was about to come. Then I backed off. "That's all for now", I told him, inserting two fingers into my pussy, and began to masturbate.

so hard before. I didn't give let him come – I pushed him off, stood up naked and walked over to another car, ignoring the sounds of car horns. He bent me over the bonnet and fucked me from
